Node Limits

Description *

Limit specified_user to 3 CT2 Nodes

The description for this Node Limit

Limit *

3

The number of nodes for this limit. Must be an integer greater than 0 or -1 for no limit

☐ Time Interval

Within the past

Seconds 

☐ Role

anonymous user 

☒ Content Type

CT 2 for specified_user 

☒ User

specified_user 

☐ Users of Role

anonymous user 

Edit Node Limit

A single restriction, like this, will limit specified_user to creating 3 CT2 nodes. However, it will not restrict any other authenticated users in any way.

It therefore seems desirable to create a complementary 'Catch-all' rule for the other users. This does not work successfully in Alpha05 See other image for example.

This is not a critical use case for me, but it might be for somebody.

Dougsap 14-Feb-2012

Node Limit for a specified user works, but seems of limited usefulness if you can't somehow specify a restriction for the remaining users of the population.

Node Limit 7.x-1.0-alpha5 14-Feb-2012 Dougsap

I believe that this use case worked successfully in Alpha03.

In Alpha04 and Alpha05, it is not possible for the Specified user (or any Authenticated user to create any of the particular Content Type)

‘Node Limit User’ logic with a single specified user and a complementary catch-all rule

Fails in Alpha05

Description *

Limit specified_user to 3 CT2 Nodes

The description for this Node Limit

Limit *

3

The number of nodes for this limit. Must be an integer greater than 0 or -1 for no limit

☐ Time Interval

Within the past

Seconds

☐ Role

anonymous user

☒ Content Type

CT 2 for specified_user

☒ User

specified_user

☐ Users of Role

anonymous user

Description *

Limit Users of Role Authenticated to Zero CT2 Nodes

The description for this Node Limit

Limit *

0

The number of nodes for this limit. Must be an integer greater than 0 or -1 for no limit

☐ Time Interval

Within the past

Seconds

☐ Role

anonymous user

☒ Content Type

CT 2 for specified_user

☐ User

☒ Users of Role

authenticated user

Content Type	CRUD Permission	Node Limit	Comments	Test Status
CT2	Authent	specified_user	3 Unlimited nodes can be created by Authenticated	Can't Create
CT2	Authent	Authenticated	0 One node can be created for each Authenticated user	Can't Create

“specified_user” is the name of a test user.
