

Drupal Association Supporting Partner Program

What are the Supporter Programs?

Drupal Association Supporter Programs provide companies a way to give back to the Drupal project and enjoy great benefits in return.

There are three programs and each serves a different type of company. Member companies enjoy a deep connection with the Drupal community. Program fees pay for the Drupal.org Tech Team, which maintains, optimizes and improves Drupal.org.

What is the Supporting Partner Program?

Drupal Supporting Partners help the community publish great sites. These Supporters educate the community about their offerings, promote Drupal to their user base, and their program fees help fund Drupal.org improvements.

Who can join?

Drupal companies of all categories (development, design, support, etc) can join the program as long as they:

- Support Drupal
- Promote Drupal on their homepage and to their customer base
- Pay the annual program fee

Regular, Premium, or Signature?

With the Supporting Partner Program, companies can elect to be a Regular Supporting Partner, a premium Supporting Partner, or a Signature Supporting Partner. But what's the difference? We've outlined some of the key benefits that our Regular, Premium, and Signature supporters enjoy on the next page.
