## Tools

<https://www.drupal.org/tools>

<https://www.youtube.com/watch?v=0z851cJgORs>

*This will set you up with an easy to use local Drupal 8 development environment, and also make it easy for you to spin up new instances of Drupal 8 to sprint on as need arises.*

# Drupal Mentoring

## Learn Through Contribution

DrupalEurope  
Darmstadt, Germany  
10 - 14 September 2018

# *Everybody has something to contribute!*

Drupal Europe hosts dedicated contribution days on the first and last days, Monday and Friday. There are also contribution rooms and spaces throughout the whole week, while sessions, BoFs and other events are happening as well .

Mentors will help you learn how to use community tools and help make Drupal better.

# *Everybody has something to contribute!*

### Translators

You are good in a written language other than English?

### Content Strategists

Want to work on reorganizing the documentation and improving the content quality?

### Project Managers

You want to bring forward certain initiatives and know how to build a team with different expert skill sets and how to facilitate the progress?

### Marketeers

You have ideas for advancing the promotion of Drupal and need a team? And you are good at sharing your strategy insights?

# *We need all of you!*

Topics are already set, but you can still propose new ones!

--- Admin UI and JavaScript Modernisation --- Drupal 8 criticals and majors --- Security ---  
--- Extended security coverage, automatic updates --- API-First --- Documentation --- Paragraphs ---  
--- Media --- MongoDB (finally get stable releases) --- Layout Builder --- Search API (modules) ---  
--- GraphQL --- The Periphery --- Your Contribution Topic ---
