Drupal 11 upgrade status ☆

Run the report to find out if there are detectable compatibility errors with the modules and themes installed on your site.

Gather data	Fix incompatibilities	Relax
<ul style="list-style-type: none">Install Composer Deploy or Git Deploy as appropriate for accurate update recommendationsCheck available updates (Last checked 5 minutes 27 seconds ago)Select any of the projects to rescan as needed below	<ul style="list-style-type: none">Environment is incompatibleRemove: 1 projectCollaborate with maintainers: 3 projects	N/A

Drupal core and hosting environment	
Drupal 11 requirements are mostly already known and checked, however these checks will be updated as more details are defined.	
Requirement	Status
Drupal core will need be at least 10.3.x to upgrade (not yet available)	✖ Version 10.1.9-dev does not allow to upgrade and 10.2.4 is available.
PHP version should be at least 8.3.0. Before updating to PHP 8.3.0, use \$ composer why-not php 8.3.0 to check if any projects need updating for compatibility. Also check custom projects manually.	✖ Version 8.1.27
When using MariaDB, minimum version is 10.6	✖ MariaDB 10.4.32-MariaDB-1:10.4.32+maria~ubu2004-log
Database JSON support required	✔ Supported.
Deprecated or obsolete core extensions installed. These will be removed in the next major version.	✔ None installed.
When using Drush, minimum version is 12	✔ Version 12

Remove										
The likely best action is to remove projects that are uninstalled. Why invest in updating them to be compatible if you are not using them?										
<input type="checkbox"/>	Project	Type	Status	Local version	Local 11-ready	Local scan result	Drupal.org version	Drupal.org 11-ready	Drupal.org issues	Plan
<input type="checkbox"/>	Gin Toolbar (gin_toolbar)	Contributed module	Uninstalled	8.x-1.0-rc5	⚠ Incompatible	N/A	Not applicable	🔍 Unchecked	Issues	N/A

Collaborate with maintainers										
There may be Drupal.org issues by contributors or even the Project Update Bot . Work with the maintainer to get them committed, provide feedback if they worked.
