| Rooms: Bookable Unit Type (suite) | → Type → | Rooms: Bookable Unit (canyon suite) |

How is a bookable unit type tied to a commerce product type or product?

| Comm: Product (standard) | → Type → | Comm: Product Type (rooms_product) |

Currently no commerce_product_type exists for 'rooms_product' in the commerce_product_type table. Is this expected?

| Comm: Line Item Type (product & rooms booking) |
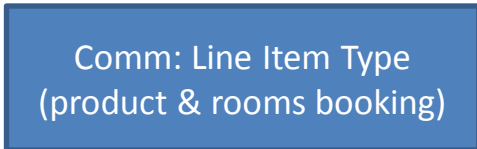

How is commerce line item type tied to a commerce product? Or tied to a bookable unit?
