# Edit menu link

The path 'support/user/[11]' is either invalid or you do not have access to it.

### Menu link title \*

My support tickets

The text to be used for this link in the menu.

### Path \*

support/user/[current-user:uid]

The path for this menu link. This can be an internal Drupal path such as *node/add* or an external URL such as *http://drupal.org*. Enter *<front>* to link to the front page. Enter "*<nolink>*" to generate non-linkable item, enter "*<separator>*" to generate separator item.

- Use tokens** in title and in path.  
Active this option in order to use Menu token.

### [Menu Token options](#)

#### Method for Nodes

Content from context

Tokens related to individual content items, or "nodes".

#### Method for Users

User from context

Tokens related to individual user accounts.

- Remove token if replacement is not present**  
If the replacement token is not available on the page being viewed, the token will be removed if checked.

### Replacement patterns

[Browse available tokens.](#)

- Enabled**  
Menu links that are not enabled will not be listed in any menu.
- Show as expanded**
