

I have been testing **drupal-7.0-alpha4**.

I am using XAMPP 1.6.8, which uses PHP 5.2.6

I am running under the Windows 7 operating system.

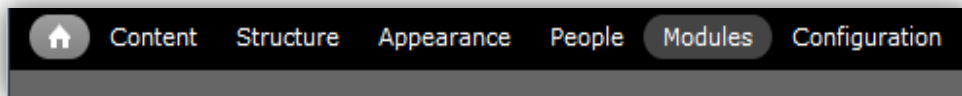

Admin Menu Mouse over.

When you mouse over the Admin menus in IE8, the grey backgrounds do not appear, although the **hints** do.

IE8

The Firefox, Safari, Opera and Google browsers work fine. It's just IE8 that doesn't work.

SAFARI
