EXPLORER

You are familiar with Drupal and ready to
start exploring Drupal 8.

EXPLORER

Install Drupal 8
You can install locally or use simplytest.me.

Explore Drupal 8
☐ Create a Basic page and two Articles.
☐ Create a view for your Articles.
☐ Add a page to the main menu.
☐ Create a new taxonomy and add terms.
☐ Add the vocabulary as a new field on your
  Article content type.
☐ Add a Custom block and display in sidebar.

Bonus Tasks
☐ Set up a new content type.
☐ Add content.
☐ Copy the site. Make a configuration change. Export the
  configuration. Import it into the other site.
☐ Translate a piece of content you
  created into another language.
☐ If you installed locally, use Drush to list your
  available modules.

COMMUNITY CONTRIBUTOR

You are an **Explorer** and ready to give back to Drupal 8.

COMMUNITY CONTRIBUTOR

Get Ready To Sprint
☐ Register your drupal.org user account.
☐ Set up an IRC client.
☐ Join in the #drupal channels.

Continue At Home
☐ Get involved in drupal.org/core-office-hours.
☐ Read through an issue and update the issue summary.
  (See "Needs issue summary update")

Bonus Tasks
☐ Mentor by helping someone explore Drupal 8 or
  become a contributor.
☐ Ask Druplicon in IRC, "needs tags?" Read more about
  them on the link provided.
☐ Become a member of the Drupal Association.

Next: Issue Mover or Documenter

ISSUE MOVER

You are a **Community Contributor** and ready to start moving Drupal 8 issues forward.

Get Ready To Sprint

☐ Install Drupal 8 locally or use simplytest.me.
☐ Install Dreditor.
☐ Figure out how to take screenshots on your OS.

Sprint

☐ Find a Needs issue summary update issue and if it is missing steps to reproduce, write them. Bonus points if you include relevant screenshots.
☐ Triage an issue without any replies.
☐ Test an issue tagged Needs manual testing.
☐ Find a Novice issue with a task you can perform, do it, and have someone check your post.

Bonus Tasks

☐ Record a screencast of your steps and upload to the issue.
☐ If you are not on Windows, use browser stack or a Virtual Box with Internet Explorer to take screenshots of Needs manual testing or Needs screenshot issues.

Next: Mentor or Developer
drupal.org/sprint-task-cards

DOCUMENTER

You are a **Community Contributor** who can write well in English, and are ready to share knowledge about Drupal 8 with others.

Get Ready To Sprint

☐ Join #drupal-docs on IRC.
☐ Review documentation style guide, and instructions for taking screenshots, and uploading images.
☐ Figure out how to take screenshots on your OS.
☐ Read the current documentation priorities.

Sprint

☐ Work on writing, editing, or reviewing the Drupal 8 User Manual.
☐ Fix documentation page titles.
☐ Add keywords to a documentation page.
☐ Incorporate the content of a comment into the documentation itself.

Bonus Tasks

☐ Work on any issue with the d8docs tag or in the documentation project issue queue.
☐ Work with subject matter experts to document things they are working on.

Continue At Home

☐ Attend Drupal Core office hours.
☐ Join groups.drupal.org/documentation.

drupal.org/sprint-task-cards

DEVELOPER

You are an **Issue Mover** or **Documenter**
and ready to dig into some Drupal 8 code.

Get Ready To Sprint

☐ Install a local *AMP stack (e.g., Dev Desktop).
☐ Get an IDE such as PHPStorm or Sublime Text.
☐ Set up git locally.
☐ Git clone Drupal 8 and install locally.
☐ Run a simpletest locally.
☐ Run phpunit tests locally.

Sprint

☐ Find a Needs reroll issue and re-roll a patch that no
  longer applies.
☐ Find a Needs tests issue and write a unit test.
☐ On a problem you have encountered, upload a partially
  working patch (partially done tests counts).

Bonus Tasks

☐ Read up on Drupal coding standards.
☐ Install Drush, use it to install Drupal and install a
  core module.
☐ Find a module to upgrade to Drupal 8, and upload a
  patch that does one of the Drupal 8 changes.

MENTOR

You are an **Issue Mover**, **Documenter** or **Developer** and are ready to help others learn to contribute too.

MENTOR

Get Ready To Sprint
☐ Do some issue queue gardening.
☐ Review Novice and Meta issues so you have tasks to match new contributors with.

On Sprint Day
☐ Wear comfortable shoes and a smile.
☐ Drink plenty of water.
☐ Ask and answer questions in public, and expose your reasoning.
☐ Ask for help when you need it.
☐ Review.

Continue At Home
☐ Review, review, review. Sprinters need feedback!

Bonus Tasks
☐ Help people get a local development environment set up.
☐ Organize a sprint in your community.
☐ Attend IRC core office hours.
