Flagged by hook_uninstall

▼ **ENTITY API**

▼ `node_delete()` has been removed.

Documentation

- **Entities are now classed objects implementing** `EntityInterface`

Files Affected

- /var/www/html/modules/anonymous_publishing/anonymous_publishing.module, line 69

Flagged by _function_call:node_delete

▼ `comment_delete()` has been removed.

Documentation

- **Entities are now classed objects implementing** `EntityInterface`

Files Affected

- /var/www/html/modules/anonymous_publishing/anonymous_publishing.module, line 79

Flagged by _function_call:comment_delete

▼ **INFO FILE**

▼ Module info files' `core` key must have a value of `8.x`.

Documentation

- `.info` **files are now** `.info.yml` **files**

Files Affected

- /var/www/html/modules/anonymous_publishing/anonymous_publishing.info

Flagged by info

▼ Info files must contain a `type` key.

Documentation

- `.info` **files are now** `.info.yml` **files**

Files Affected

- /var/www/html/modules/anonymous_publishing/anonymous_publishing.info

Flagged by info

▼ **MISCELLANEOUS**

▼ Automated web tests must be in a PSR-4 namespace, and unit tests must be converted to PHPUnit.

Documentation

- **Namespacing of automated tests has changed**
- `getInfo()` **in test classes replaced by doc comments**
- **Test classes should define a** `$modules` **property declaring dependencies**
- **SimpleTest tests now use empty "testing" profile by default**
- **New** `KernelTestBase` **class for API-level integration tests**
- **PHPUnit added to Drupal core**

▼ Many common functions, shared variables, and constants have been renamed.

Documentation

- **The global theme variables have been replaced by an ActiveTheme object**

▼ **SYSTEM**

▼ `l()` has been removed.

Documentation

- **`l()` replaced by URL generation API**

Files Affected

- /var/www/html/modules/anonymous_publishing/anonymous_publishing.module, line 133
- /var/www/html/modules/anonymous_publishing/anonymous_publishing.module, line 140
- /var/www/html/modules/anonymous_publishing/anonymous_publishing.module, line 150

Flagged by _function_call:l

▼ Static permissions are now defined in `MODULE.permissions.yml`.

Documentation

- **Defining permissions in `MODULE.permissions.yml`**

Files Affected

- /var/www/html/modules/anonymous_publishing/anonymous_publishing.module, line 31
