Here's what we found:

- Installing Drupal 6
- Installation guide
- Installing Drupal 5
- Installing themes
- Installing contributed modules
- Installing modules and themes
- Step 4: Run the installation script
- Grant write permissions on the configuration file
- Step 2: Create the database

Where is the Drupal Community?

Online and Local Groups
[Groups.drupal.org](#) provides a place for groups to organize, meet, and work on projects based on interest or geographic location. It's a great way to get involved, learn more and get support.

Events
Community members can also be found at Drupal [events](#) where you can meet face to face, swap tips, and get inspiration for your next Drupal project, making friends along the way.

Commercial Support
If you need professional help, check out our [Marketplace](#) where you can find companies on hand to assist with hosting, training and other
